MOST COMMON RULES AND REGULATIONS

The University of Mississippi Parking and Traffic Rules and Regulations are the effective policy governing the operation and parking of vehicles (cars, motorcycles, mopeds, and bicycles) on the campus and streets of The University of Mississippi. The full list of rules and regulations may be found on the main Dept. of Parking and Transportation website. It is the responsibility of a vehicle's operator to familiarize themselves with the full list and maintain compliance when on the University campus. Failure to do so may result in a citation and/or impoundment of vehicles in violation.

- All vehicles (permanent or temporary) brought onto campus must obtain a permanent or temporary parking permit authorized by DPT unless parking in metered parking. Student parking permit classification is determined by residence. If in a metered parking space, a vehicle is required to comply with the fee schedule associated with the space regardless of permit visibility or type.
- Permits types with physical permits are required to display the permit on the vehicle according to directions on the back of the permit. Full details are included on DPT's website under "Rules & Regulations."
- From 7:30AM-5:00PM weekdays, permit holders are restricted to parking only in the parking areas designated for their parking permit type unless parked in metered parking. After 5:00 p.m. weekdays you may park in any valid space on campus except those parking spaces reserved by special posted signage.
- Please review this color-coded parking guide map and any updates available on DPT's website - www.olemiss.edu/parking - to discern the parking permit designated areas.
- Reserved faculty and staff parking spaces which are identified by special signage and the Pavilion Garage are off-limits to all other motorists between 7:00AM-5:00PM Monday-Friday.
- Residential permits - East, Central, West, Northwest and South Zones; the Residential Garage and Campus Walk - are generally restricted to their area 7:30AM-5:00PM weekdays but may also park in any of the Commuter Red zones.

CITATIONS AND APPEALS

Pursuant to the rules and regulations enacted and approved by the Mississippi Board of Trustees of State Institutions of Higher Learning, The University of Mississippi may issue citations for violations of enacted policy for operation and parking of a vehicle on the University campus.

Citations will be delivered in the form of a written notice, when possible, and placed on the windshield of the vehicle not in compliance. Lack of a citation notice does not negate the citation.

- Please do not ignore citations. If you have questions about a citation, please contact DPT at 662-915-7235 or email parking@olemiss.edu.
- Upon receiving three (3) unpaid citations, your vehicle may be immobilized with a wheel lock.
- Any faculty, staff, or student receiving a ticket can appeal the charges within 7 business days of the citation being issued (includes date the citation was issued). Appeals must be processed through the on-line portal. See the DPT website for detailed information.
- Student, faculty and staff appeals will be handled by their respective appeal boards. The appeal boards function independently from the Department of Parking and Transportation, and all rulings are final. Visitors and external employees who wish to appeal a citation should contact the Department of Parking and Transportation.
- An administrative charge of \$5 will be added to each appeal if the appeal is denied by the appeals board.
- Student parking fees and fines are billed to their bursar account; faculty and staff are payroll deducted. All other motorists are to pay fees and fines at the DPT office.
